

SUN BEAMS

By WALTER M. BARRETT

Another threatening controversy in this area was brought to a satisfactory conclusion Tuesday and once again peace reigns on the Truckee labor fronts. With both the contractors and employees apparently pleased with the outcome of the trouble, we feel confident in predicting that from now on it will be smooth sailing for all interests involved.

The Truckee Parent Teachers have decided that one of their main objectives this year will be for the inclusion of a public library in Nevada County so that a branch may be established in Truckee. This is a project worthy of the united support of everyone in the town, regardless of their affiliation with the P. T. A. Every other organization should follow the example and work toward the procurement of this much needed institution.

Believe it or not, the alleys and streets in Truckee offer a better appearance than they have for months, or maybe years. It appears that the businessmen, feeling that there is no other method under our present local government, to have the situation corrected, have taken it upon themselves to attempt a cleanup. Nevertheless, the situation is still none too good and can stand a lot more attention of a concerted nature. Individually it is a tough job.

Our hat is off this week to Mr. and Mrs. Frank Powell, for many years residents of Truckee, who Monday observed their 55th wedding anniversary. Both Mr. and Mrs. Powell have always taken an active lead in the betterment of the community and are deserving of the congratulations and best wishes extended them by their host of friends.

These chilly evenings should serve to remind us that summer is departing and that old man Winter is en route to the Sierras for an extended sojourn. And the question arises as to what we intend regarding winter sports. With business holding its own, it's probably hard to give serious thought to the long winter months, but they will soon be here and without winter sports as an added attraction to our fine community, those months will be doubly long. Right now is not too soon to give attention to the immediate future of winter activities in Truckee. Other areas are working hard to divert our many winter sport visitors and unless we act soon it will be difficult indeed to bring them back. We have more in the nature of entertainment, and accommodations than any of the many other winter sports centers, but we need, quite definitely, a program and a plan of promotion if we would hold our lead.

Death this week ended the long, patient suffering of Mrs. Eddie Campbell, widely and favorably known resident of Truckee. Our sincere sympathy is extended to her family.

The exodus of vacationists from the Truckee-Lake Tahoe district serves to remind us that these summer visitors are leaving just as nature begins to put on its most attractive raincoat. The Lake in the late fall, despite the chill mornings and evenings, offers a sight never equalled and an atmosphere of exhilaration which has never been excelled.

MINIATURE RESORT MADE OF SUGAR IS ON DISPLAY HERE

A miniature two-story resort structure, made entirely of sugar and egg whites has been erected by George Wong of San Francisco who visited with his cousin, cook at the Pastime Cafe here last week. It required 25 pounds of sugar for the building which is entirely furnished and wired for electric lighting. The model stands three feet high and is a fine piece of handicraft. The coloring was added to bring out the naturalness of the flowers and fixtures in the model, now on display at the Pastime.

COURT CONFIRMS BOCA DAM PROGRAM

Judge B. F. Currier of Reno Monday confirmed the proceedings of the Washoe County Water Conservation District in its upstream storage plan. The proceedings included the Truckee river agreement election and repayment contract for building the Boca dam.

Hearings are now under way before Thomas R. King, engineer for the district, on the apportionment of benefits to the water users to prepare assessments for repaying the government \$500,000.

LOCAL DRIVER IS FREED OF BLAME IN FATAL MISHAP

Aged Man Struck, Fatally Hurt By Local Vehicle At Penryn

INQUEST CONDUCTED

Miguel Injured When Truck Turned Over Following Fatal Accident

A Coroner's jury in Auburn Monday completely exonerated Tony Miguel, driver for Joseph Saia, Truckee produce dealer, whose truck struck and killed William R. Blevins, 94-year-old California pioneer near Penryn last Saturday.

Blevins nearly blind met instant death when he was struck by the truck. Miguel testified that he swerved the truck in an effort to avoid striking the aged pedestrian but failed to miss him.

After his futile attempt to avoid striking the aged man, Miguel lost control of the truck and it overturned 123 feet beyond where the man was struck. Miguel escaped with minor injuries.

The inquest was conducted by Coroner F. E. West of Placer county.

Woman Injured As Car Crashes On Local Road

Cause Of Accident Unknown As Woman Driver Goes To Hospital

Mrs. J. R. Morgan, 40, 916 H. St., Sacramento, suffered serious injuries Saturday morning about 10 o'clock when the car she was driving left the highway, got out of control and plunged into the rocks near Donner Monument.

Mrs. Morgan was alone in the car at the time of the accident. She was brought to Truckee for first aid treatment and then dispatched to Sacramento for hospitalization. It was feared she had crushed her chest.

Traffic Officer Charles McKeen was called to investigate. Witnesses said they could not account for the accident, as the car was apparently traveling at a moderate rate of speed when it left the road.

MARYSVILLE WOMEN LEASE HOTEL HERE; OPEN RESTAURANT

Mrs. Hannah Gormley and Mrs. Blanche Heric, sisters, have leased the Rex Hotel, recently operated by Dan Smith and took possession last Monday. The new managers are planning to open the bar and restaurant within the next few weeks and have already started alterations with this in view.

Mrs. Gormley and Mrs. Heric are from Marysville where they operated the travelers Hotel for the past two years.

Smith, owner of the building and equipment, has not made plans for the future, but declares he will take a long needed rest.

PARTY IS PLANNED BY P.T.A. HERE TO BE HELD ON FRIDAY

The Truckee Union P.T.A. will begin their social year next Friday, Sept. 10, at 8 P. M., with an old fashioned Duach whist party and basket supper.

The ladies are asked to bring the basket lunches which will be auctioned. The proceeds of the whole affair are to go to a fund with which the P. T. A. hopes to hold a vaccination clinic this fall.

Suitable prizes plus a door prize will be given. A small admission charge will be made.

Mrs. Lyle Smith, Mrs. Harvey Oates and Mrs. Tom Dolley are in charge of the affair.

Amicable Settlement Ends Threatening Situation On Donner Summit Highway

Crews Return To Work Tuesday Afternoon Following Seven-Hour Strike On U. S. 40; Agreement Signed

PATROLMEN, SHERIFF'S OFFICERS CALLED

Work Will Be Completed This Month On \$225,000 Job; Wage Increase Granted Employees For Duration Of Project

Peaceful settlement of the second strike affecting major construction projects in this area was reached at the Donner Summit highway job Tuesday noon when the 100 men returned to work after a seven-hour strike which threatened for a time to have dire results.

Mrs. E. Campbell Expires Following Lengthy Illness

Burial In Roseville Following Last Rites For Matron

Funeral services were held in Roseville on Sunday afternoon, August 29, for Mrs. Florence Belle Campbell, of Truckee who died in the Sutter Hospital in Sacramento on the previous Thursday following a lengthy illness.

Mrs. Campbell, wife of Edwin J. Campbell was born here where she was well known and had many friends.

Mrs. Lila Parr of Truckee and Mrs. J. Bryant of Roseville are sisters of the deceased.

Interment took place in the Odd Fellows Cemetery at Roseville beside the graves of her mother and father.

The sympathy of the community is extended to the surviving relatives.

EXECUTIVE BOARD OF P.T.A. DECIDES TO URGE LIBRARY

The executive board of the Truckee Union Parent Teachers Association met last Wednesday at the home of the president, Mrs. S. E. Gordon and discussed plans for the coming year.

One of the major projects outlined was a continued effort to procure a branch library for Truckee. This project was started last year and won the support of everyone interested.

LIONS WITNESS FISHING FILMS

The Truckee Lions Club last night enjoyed a talking picture of deep-sea fishing presented by V. A. Porter of Sacramento, representative of the Union Oil Company. Some of the shots, including a death battle between a whale and sword-fish, were exceptionally unusual. Porter was introduced by Harold Langille, local agent for the company.

As a clean-up project, the Lions decided to ask the cooperation of the state in removing the old board walk on the east edge of Truckee and widen the highway at that point.

WATER GATES AT TAHOE WIDE OPEN AT PRESENT TIME

Water flowing into Nevada down the Truckee river is coming almost entirely from Lake Tahoe, according to Walter Bell assistant watermaster at the lake, who said the outlet gates are wide-open and that 362 second feet of water are flowing into the river.

On the gauge at Iceland, east of Truckee, the flow measured 385 second feet. The additional flow, it is reported, comes from the Little Truckee river.

Return To Truckee

Mrs. Lila Parr, with her sister Mrs. J. Bryant of Roseville and E. J. Campbell have returned to Truckee following their attendance at the funeral rites of Mrs. E. J. Campbell.

Four Hurt When Cars Crash On Floriston Road

Youths Escape Serious Injuries In Headon Collision Tuesday Night

Four youths barely escaped death Tuesday night when their cars collided headon near Floriston.

The most seriously injured was Karl Clow of National City, California, who was treated for numerous lacerations on his scalp. He was taken to a Reno hospital.

Clow's companion, Jack Moore, driver of one of the machines, suffered a cut upper lip. He and Clow were taken to Reno by Miss Helen Page of that city, who witnessed the accident.

Victor Craven, employed at a Reno bakery and Ralph Della Santa, Reno bartender, were occupying the second car in the accident. Both escaped with minor injuries and were given only first aid treatment.

Traffic Officer C. E. McKeen was called to investigate.

Flagman Hurt When Struck By Car On Highway

Charles MacChreits Hit By Car Taken To Hospital At Reno

Charles MacChreits, of Truckee, a flagman employed by the Pacific States Construction Co., engaged in rebuilding the highway adjoining Donner Lake, is in the Washoe General Hospital suffering from injuries received Monday when he was struck by a truck driven, officers said, by Frank K. Williams, 50, 111 E. street, Roseville.

According to State Patrolman C. E. McKeen, who investigated, Williams, a retired naval captain, said he was unable to stop because of faulty brakes.

MacChreits, who attempted to flag down the light truck driven by Williams, was carried a distance of 100 feet on the bumper, McKeen said.

Hospital attaches said MacChreits suffered a fractured elbow and has head and chest injuries.

GILMANS LEAVE TO RESIDE IN CHICO; LEAVES VACANCY

Mr. and Mrs. V. V. Gilman and family, residents of Truckee for seven years left this week to make their future home in Chico, where Gilman has accepted a similar position to the one he held here.

Gilman has been a popular pharmacist, employed at Loynd's Truckee Drug and was recently elected as a member of the local high school board of trustees.

Mrs. Gilman has held offices and been active in the work of the local Parent and Teachers Association.

LOCAL SECRETARY AT CAPITAL MEET TO DISCUSS PLAN

Mrs. Lotta Bryant, secretary of the Truckee Chamber of Commerce yesterday attended a meeting of the Golden Empire association in the chamber of commerce building in Sacramento where plans were made for the Golden Empire program for the 1938 exposition year in the northern part of the state.

Harold J. McCurry, chairman of the Sacramento Chamber of Commerce centennial committee, presided. Delegations from the various towns and cities throughout the northern section of the state attended.

JUSTICE COLLECTS \$147 IN AUGUST FOR FINES, FEES

Justice of the Peace C. E. Smith reports that for the month of August he collected \$147 in fines and fees which has been sent to the county seat. Most of the fines were from violators of the traffic laws in this region.

REORGANIZATION OF DEPARTMENT COMPLETED HERE

Plans Made To Start Prevention Campaign Early This Fall

CAPTAINS ARE CHOSEN

Firemen Will Seek Cooperation In Elimination Of Hazards

Reorganization of the Truckee Volunteer Fire Department was completed at a meeting held Monday night, during which a committee was appointed to have charge of the fire prevention campaign planned for the immediate future.

Two Captains, E. Waters and Orland Sanders were named to have charge of directing fire fighting activities, under the command of Chief N. F. Dolley. Mike Porter and Robert Tonini were chosen as lieutenants. Anthony Pace is assistant chief of the department.

On the fire prevention committee are Frank Galennie, Chief Dolley, Assistant Chief Pace, Secretary William Kocher and Elmo Granata. The committee plans to interview local business men and residents relative to eliminating all unnecessary fire hazards.

At the next meeting of the department two new members will be initiated.

LADIES AID WILL HOLD FIRST MEET

The Ladies Aid of the Methodist Church will meet September 9 at the church for the first fall session of the organization. Plans for the year will be discussed. Mrs. George Kamp, president announced.

FIRST REGULAR MEET OF P.T.A. HELD AT SCHOOL

The Truckee Union P. T. A. held its first regular meeting at the Grammar school on Friday, August 27. The reason for holding this meeting in August was so that the group could skip a January meeting on account of the usual cold weather at that time.

The program drawn up for the year was read and approved. Owing to the fact that the grammar school is not as yet fully settled, the vote for room attendance was postponed until the next meeting Sept. 24th.

A card party under the direction of Mrs. Lyle Smith will be given at an early Sept. date.

TAX RATE FIXED FOR TAHOE AREA

Supervisors of Placer County this week set the county tax rate at 65 cents on the \$100 assessed valuation. This is an increase of 4 cents over the 1936-37 rate and a decrease of 6 cents over the proposed rate for 1937-38.

Highest special district rates were reported for the acquisition and improvement of District No. 1 on the eastern shores of Lake Tahoe, where rates run from a low of \$136 to a high of \$56.42 among the different zones of the district.

PRECIPITATION FOR YEAR EXCEEDS NORMAL; AUGUST ONLY DRY MONTH IN YEAR

August was the only month during the past year during which no precipitation was recorded on the instrument maintained at the Truckee forest service station, Dispatcher Ben Winslow reports.

For the fiscal year ending September 1, a total of 27.45 inches of precipitation was recorded as compared with a normal of 23.41 inches. February showed the highest reading with a total of 8.49 inches.

"COME TO THE FAIR"

All roads lead to the State Fair from September 3 to 12! California's great exhibit at Sacramento last year pushed within a fraction of being the biggest show of its kind in the entire United States during 1936. Our exposition drew 622,408 persons.....only 14,076 less than Minnesota which captured national honors in attendance.

This year's even more elaborate and praiseworthy exposition should draw more than 760,000 visitors into the State Fair Grounds.

A 91 year old Sacramento citizen is showing a rousing spirit that would be difficult to equal. He's Nick Singley, a covered-wagon "baby", who first saw the light of day on the Utah plains while his parents were California bound from Pennsylvania in 1846. Nick has invited his 22 children, 31 grandchildren, and one great-great grandchild to attend the Fair with him! Rightly he believes it deserves their support.

We can't invite 80 relatives, but we can make sure that we and our friends make a bee-line to the Fair Grounds between September 3 and 12.

NEUTRALITY

With the great Sino-Japanese war raging in the Far East, our Neutrality Law confronts the government with a curiously baffling dilemma.

The law, should the President declare a state of war existed between Japan and China, would at once compel him to prohibit shipment of arms to both nations, prohibit granting of credit, and make it possible to force belligerents....if they want our goods....to pay cash for them and haul them away in their own ships. But officials fear to invoke the Neutrality Law now.....because it would make us an aggressor nation!

Japan is very well-armed. She has \$130,000,000 in gold deposited in the United States with which to pay cash for more war goods. She has the ships to carry them away. The Law would not penalize her in the slightest, but it would cripple China hopelessly, for she has neither war goods, ships nor cash. For the President to invoke the Neutrality Law would be tantamount to handing Japan victory on a silver platter. For the President to refuse to invoke this law leaves him open to the charge that he is unneutral to Japan. Whatever he does, he'll be plunged into hot water.

Neutrality is a funny thing!

MOTORISTS, ATTENTION!

Thousands of California motorists must add a new wrinkle to their driving this week.

New State traffic laws are in effect after Thursday, August 26, but fortunately their provisions aren't confined to drivers. Many towns and counties must also spruce up with new safety measures.

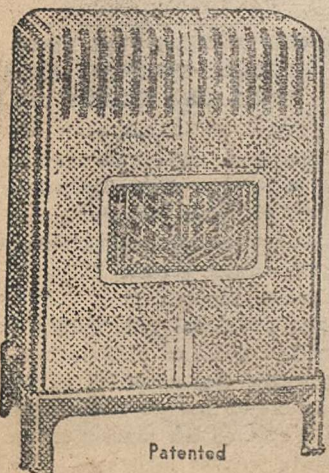

Let no motorist forget.....for the sake of his pocketbook and other people's lives....that after August 26 he is subject to arrest if he forgets to use the courtesy beam when driving at night.

Motorists can give cheers, however, that henceforth all stop-signs posted at arterials must be illuminated or have

JOE JAY

Politically Speaking

By JACK WELTER
(United Press Correspondent)

SACRAMENTO, Sept. 2 —(UP)—Despite strenuous efforts of legislators to pass legislation designed to protect the state's interests in the tideland oil deposits at Huntington Beach, the entire controversy seems no nearer a solution than before.

One measure, the O'Donnell bill, which would have superseded the Olson bill governing leases on the land, will be placed on the ballot at

the next general election in November, 1938.

The Olson bill also will qualify for referendum in all probability, further muddling an already involved situation.

In any event, observers predicted, a major battle in the legislature went for nothing.

One of the outstanding issues, together with the revenue bond question, which likewise will take a place on the 1938 election ballot, tideland oil furnished abundant material for accusations and name-calling among legislators. The struggle to pass bills which proponents declared would pro-

tect the state's interests was climaxed by a Sacramento county grand jury investigation into charges of bribery, which, however, developed little.

A circumstance of major importance in connection with the delay in obtaining adequate oil legislation is the newly-developed deposits at Wilmington Beach. There is a strong possibility that should the state prove to have interests there, they will not be protected.

Harrassing state officials further was a congressional resolution sponsored by United States Senator Gerald P. Nye, Republican of North Dakota, which would claim for the federal government all of California's rich oil tidelands.

Although Finance Director Arlin E. Stockburger cited legal precedent dating to Colonial days to prove his contention that such a move is not possible, an official who declined to be quoted said some such thing is going to happen soon if the legis-

bright reflecting surfaces to make them visible at night. What motorist doesn't know stop signs having about as much visibility as a chunk of coal wrapped up in tar paper?

No longer will persons involved in traffic accidents, or their representatives, have to wonder what police reports say about them. Henceforth these reports will be available to the persons concerned.

Altogether, the new traffic laws seem to cut the cards in favor of greater travel safety and a better deal for California motorists.

lature does not quit fooling around with tideland oil.

The tideland battle goes back quite a while. It has been known for years that there was oil underlying Huntington Beach tideland, although no attempt to evaluate the deposits was made prior to 1931.

Private companies who whipstocked into the state's pool from the littoral lands adjacent drained the deposit of oil to an amount conservatively estimated at many thousands of dollars. Some 90 wells were slanted into Huntington Beach in this fashion. Value of the state's deposit is estimated at \$450,000,000.

The state, after unsuccessful attempts to secure tideland legislation covering the drainage, reached royalty settlements with several companies this year.

These agreements, however, only served to heighten the battle this session. (Continued on page 5)

TAHOE REGION NEWS

By Swanee

WIFE OF TAHOE MAN SHOT WHEN RESISTING ROBBER

Tahoe City, Sept. 2.—Mrs. G. L. Howard, 23 year old Sacramento telephone operator who was shot when she resisted a purse snatcher who attempted to snatch her purse when she stopped in a darkened doorway to look at a window display, is the wife of the manager of Tahoe Tavern's Western Union office. The wedding of the young couple was brought to light for the first time with the announcement of the bride's misfortune. Only a few were aware of the romance between the former Tallac operator and the popular Tahoe man. Mrs. Howard was the former Miss Peggy Bonnickson of Sacramento, who this summer was stationed on the Tahoe City exchange.

SCHOOL OFFICIAL VISITS AT TAHOE

Tahoe City, Sept. 2.—Edna F. Kasch, newly appointed member of the State Board of Education and member of the Ukiah board of education, has been enjoying a vacation, who this summer was stationed on the Tahoe City exchange. Mr. Howard who hurried immediately to his wife's bedside, returned to his duties on Sunday bringing the announcement that his wife was safely over the operation performed to remove the bullet and progressing satisfactorily. A telegram from her on Monday declared that her room at the Sutter Hospital was swamped with beautiful flowers, the gifts of her many friends.

NEW YORK VISITOR GOES TO HOSPITAL

Tahoe City, Sept. 2.—Mr. W. J. Jacobs of New York, a guest for several weeks at Tahoe Tavern, was removed to a Reno hospital by ambulance on Saturday upon the advice of his physician Dr. C. B. Pedersen who had been attending him for some time. A slight stroke was the cause of illness. Another prominent visitor was Alta E. Stumpf of the Johnson Publishing Co., Richmond Virginia, writer and lecturer, who can proudly boast of having circled the world nine times. She gave the local class an interesting discourse on Egypt which proved highly entertaining.

Tahoe Ramblings

(By SWANEE)

William Rhoades, involved in an automobile accident at the Truckee-Tahoe concrete bridge several weeks ago, when he allegedly side-swiped the car driven by Bob Watson of Tahoe City, passed away in Sacramento last week.

Local high school children received an unexpected thrill on Friday last when Gordon Revel, Hollywood musical performer, visited the school and staged an impromptu entertainment for their benefit. He played several of his newest compositions on the piano and accompanied some of the young ladies who gave tap dance exhibitions and vocal selections. Some of his recent successes were heard in "One in a Million" and "This is my Affair".

Mr. and Mrs. A. K. Jones, William Rowley and Mrs. B. Adler and daughter Gwendolyn of Camas, Washington, relatives of Fred Kohler, spent a week's visit at the Kohler home on the Truckee River. The party will continue on to Los Angeles at the conclusion of their stay here.

Mrs. Laura Westphal, accompanied by Clifford Smith, left last week for San Francisco, closing their beautiful estate, Westlake, for the season.

Lake Tahoe may yet have a year round airport if plans of C. F. Johnson of Zephyr Cove materialize. While the department of commerce head, R. Botinger, of Oakland looked on, Mr. Johnson flew out over the lake and landed repeatedly both in the morning and afternoon, when winds are apt to rise, landing his craft with not the slightest difficulty. Mr. Johnson's tentative plans call for maintaining a hanger and airport at the lake and possibly leaving at least one plane at the lake for the entire season. We wonder if a gyroplane wouldn't be more practical when the snow reaches eight feet deep!

TAHOE OFFICERS HAVE BUSY WEEK; ROBBERY ATTEMPTED

Tahoe City, Sept. 2.—Following an attempt to break into the local post office, Tahoe Mercantile and several private homes, a raid was staged on the Tahoe 'jungle' by Officers Harry Johanson and Gene Walker. Situated on the Truckee river near the ski hill crossing, all men not employed were given their 'walking papers' and instructed not to return. The ringing of the burglar alarm at the Mercantile last Friday night aroused em-

Airplane Crop Dusting May Be Stopped By Agricultural Officials

SACRAMENTO, Sept. 2.—(UP)—Crop dusting by airplane may be abandoned, in northern California counties unless stringent regulations adopted by local agricultural officials are modified, reports to the department here indicated.

Under regulations aviators would be held responsible for damage to crops in adjoining fields by drifting poison dust.

Aviators pointed out, however, that similar damage occurs from ground dusting machines, and declined to be subjected to discrimination. They said the work is usually done just after daylight when the air is calm and later breezes carry the dust to adjacent fields.

ETHYLS
are not all
alike

There is only one
Aviation Ethyl available to
Western motorists

Many Ethyl users have believed that the addition of Ethyl fluid to gasolines makes them all equal in quality.

This is not true. The basic gasoline in Associated Aviation Ethyl is different. The more sensitive throttle, the new aliveness, the new ease in handling that comes to your car is the result of the extra quality in the basic gasoline. The extra smoothness, the absence from knock are qualities that Ethyl adds.

From start to finish Associated Aviation Ethyl is different than all other Ethyls. It is a true aviation gasoline. Yet it costs no more than other Ethyls.

HOBART MILLS

The death of Miss Alice Nilon in San Francisco last week was sad news to her many Hobart friends. Miss Nilon was one of Nevada County's best known school teachers, having taught first in the Nevada City Schools, and was later Librarian at the Library in Nevada City. She taught in the Hobart Schools in about 1922, leaving here to make her home in San Francisco. Miss Nilon was a member of the well-known Nilon family of Nevada City and was the last member of that family living. The late John Nilon, formerly superintendent of the Brunswick mine at Grass Valley and another brother Frank Nilon was a former Judge of the Superior Court in Nevada County. The funeral wash held last Friday at Nevada City.

Mr. and Mrs. Bert Canonic and son Keith spent several days in town last week, while selling some of the furniture and moving the rest to Los Angeles where they are now living.

Mrs. William Cross accompanied her sister and two friends to San Francisco last week where the ladies will spend a week's vacation.

Mr. and Mrs. Frank Wilson went to Nevada City Friday where Mr. Wilson attended the Nevada and Sierra County Peace Officers Association, and Mrs. Wilson visited relatives at the County Seat.

Mr. and Mrs. T. K. Oliver and son, Tim and daughter Nancy left for Berkeley Sunday morning where the family will make their home while the young folks are attending school. Mr. Oliver returned to Hobart Mills Tuesday.

Mrs. Marion McSparron left Sunday morning with a load of furniture for Yuba City, where they will reside in the future. Mr. Casbohm returned to Hobart Mills Monday and will leave shortly after the first of the month for his new home.

Mr. and Mrs. Erle Martin and daughters, Claire and Irene left for Sacramento Friday afternoon. Mr. Martin will remain in Sacramento for a week's visit with family members, and the two girls have started school in Sacramento.

Stanley Dundas of Sacramento spent last week at the home of Mr. and Mrs. G. E. McCleod, and has returned to Sacramento where he will start school. Mr. Dundas is working for the P. G. and E. in Sacramento, and all are former residents of Hobart Mills.

Mr. and Mrs. Charles Oliver and daughter Anna May of Reno were weekend guests at the home of Mr. and Mrs. G. D. Oliver.

Mr. and Mrs. E. L. Loomis and

family of Calpine were Hobart visitors on Sunday calling at the Frank Wilson and Joe Jouett homes.

Louis Cavallo of Reno was a Hobart visitor on Saturday.

William Campbell attended the funeral of his sister-in-law Mrs. E. C. Campbell at Roseville on Sunday.

Mr. and Mrs. Allen Hill and family visited relatives in Grass Valley on Sunday.

Mr. and Mrs. Don Fletcher and two daughters left Sunday for Lovelock, Nevada where they will make their future home.

Mr. and Mrs. Hollingsworth of Calpine were Hobart visitors on Saturday.

County Supervisor Alex Robertson was a County seat visitor on Monday where he went to attend a special meeting of the County Board of Supervisors, and went over again Wednesday morning to attend the regular monthly meeting that is to help on the first day of the month hereafter, instead of the first Monday of each month.

Jack Chubbuck of Hobart Mills is introducing his wife to his friends this week. Mrs. Chubbuck who arrived here Monday to spend a week's vacation with her husband and his mother, Mrs. Cora Chubbuck, was the former Miss Ellen Peterson of Sacramento and has often visited in town and is well known locally.

They were married during the week end of the Fourth of July and their friends have just heard the good news and are offering congratulations and best wishes to them. Miss Chubbuck is employed by the Bruen's Furniture Store in Sacramento and will resume her work there after a week's vacation in town.

Mr. Chubbuck was raised in Hobart Mills and graduated from the Truckee high school, and later attended the Jr. College at Sacramento, later working for the Idaho-Maryland Mining Company at Foberstown. And has worked at Hobart Mills since returning here last winter.

Miss Ruth Seibold of Truckee was a Hobart visitor on Sunday afternoon. T. K. Oliver returned to Hobart Tuesday morning from a few days visit at Berkeley where he accompanied his family to their home.

SEARCH CONTINUES FOR BODY OF MAN DROWNED IN LAKE

The body of Frank Motonari of San Francisco, who is believed to have drowned while fishing in a light rowboat, recently, has not, as far as can be learned, been recovered at this writing.

OPINIONS EXPRESSED AT WATER MEETING AT TAHOE SATURDAY

Tahoe City, Sept. 2.—The special water conference sponsored by delegates from Nevada and California Saturday was called to order in the Tavern casino by Col. A. M. Barton of Sacramento, who served as chairman, V. S. McClatchy of Sacramento acting as secretary. A roll call found most of the members present, Governor Frank Merriam and his party arriving a little late. The meeting was the 20th held on water problems since June 15, 1931.

Secretary McClatchy read a condensed brief report covering the history of the progress of the water situation between property owners, state and government authorities. Between Feb. 11 and May 17 of 1937 all necessary documents were executed and contracts for the construction of the Boca dam and reservoir completed with work begun.

Objections still being voiced by residents of the lower south end of Tahoe, at the fixed high water level designated in the present agreement of 6229.1 were declared by both McClatchy and Barton as having been settled with the signing of the agreement, all further argument being useless at this time. Mr. McClatchy said that the 6229.1 figure, approved by more than 400 persons, had been decided upon after long and careful consideration and study, serving best the largest percentage of property owners and utility interests.

Dr. J. E. Church called the "father of the survey" declared he thought the high figure a real concession, being six inches lower than the former natural rim in earlier days.

Governor Richard Kirman of Nevada was warmly received and expressed his sincere pleasure in being present declaring he fully believed if and when (depending upon the extent of labor troubles) the new Boca dam project was completed, the local low and high level controversy would be solved 100%. Nevada feels it can be worked out to the ultimate satisfaction of all concerned, the past having shown Nevada that California has never withheld her hand when need was asked. His short speech was warmly received.

Thomas R. King of Nevada moved that California and Nevada join in warning prospective builders along the lakeshore of both states of the permitted high and low levels of the agreement, that expensive mistakes and unpleasant legal entanglements be avoided in the future.

Mr. V. S. McClatchy introduced a motion which was adopted, that all run off waters from the Tahoe water-

TAHOE OFFICERS

(Continued from page 3)

ployees, sleeping above the store, in their night attire, but the intruders had fled. Nothing of value was known to have been taken.

Officers Walker and Johanson on August 25th, were involved in an exciting chase which reached a reported speed of 90 miles an hour when they pursued and overtook, near the California-Nevada state line Eddie Oliver of Los Angeles, about 29, orchestra leader at the Stateline Club on the south end of the lake. A charge of embezzlement had been brought against him by the L. A. Walker Motor Co., of Los Angeles who sought to recover a Cadillac roadster recently bought from them. The company claimed Oliver gave false affidavits at the time of the purchase. The car has been lodged in the Lakeland Garage near Bijou awaiting the arrival of the company's officials.

Harry E. Smith 25, of Brockway has been lodged in the Auburn jail where he awaits trial on a charge of forgery. Checks totaling \$95 which he allegedly cashed on Brockway and Lake Forest merchants have been unearthed by Officers Walker and Johanson, to which Smith is accused of forging the name of his former employer, Paul Reiger of Stockton. Teletype messages sent out by local officers caused Smith's apprehension in Reno where he waived extradition and was taken to Auburn to await trial. A date has not as yet been set on the court calendar.

Sheds and basin belonging to Lake Tahoe should be taken and conserved as such. Investigation will follow by the special committee, which was retained by the local organization, of the present use of waters from Echo Lake where the P. G. and E. has a working agreement for withdrawal of approximately 2,000 acre feet annually into the American River, and the diversion of waters from the Little Truckee to Surprise Valley, with conditions at Desolation Valley coming in for an inquiry. Any action arising from these investigations will have no bearing on present legally vested rights.

Governor Frank Merriam, who spoke approvingly of the present agreement addressed the gathering briefly and entertainingly, expressing delight in being present to greet Nevada's Governor Kirman and those others attending. He declared "I regard the present water situation in pleasant contrast to several years ago when certain Nevada interests threatened to blow up the dam and take the water they desired. There was even a call for troops at the scene of the trouble, but this I was unable to grant, from a military standpoint, as California has no navy!" A wave of laughter greeted his statement. He continued "I believe the present agreement the best conceivable for the people and the power and utility interests as well. My chief interest is not in a high or low level, but in the preservation of this heritage, this thing of beauty which must at all cost be protected for the future generations as well as for the out-of-state visitors and local residents."

He received further ovation when he declared he believed that the line dividing the two states across the lake should be done away with, in an aside "(because he always found the best fishing to be on the Nevada side!)"

With the completion of the Boca dam he felt an agreeable solution to the local water situation would have been found for all time. Concluding his talk he promised, "Not one drop of California water is going to reach the ocean until every foot of our golden state has been adequately taken care of."

Governor Kirman returned to Nevada that evening but Governor Merriam remained at the Tavern over night, attending the special dinner in company with the other conference members at 6:30 Saturday evening.

CUT IN COST OF HAND SET PHONE ANNOUNCED HERE

N. P. Powley, president of the Pacific Telephone and Telegraph Company, announced today that:

"In line with our established policy of reducing the rates for hand sets as rapidly as conditions permit, our company has advised the California Railroad Commission that in accordance with discussions held with them we would place in effect with the bills issued on and after October 1 a hand set rate of ten cents per month, with the provision that the charge will be eliminated after the customer has had continuous service for twelve months.

Continuous service prior to October 1 will be credited and after October

TAHOE RAMBLINGS

(Continued from page 3)

Mrs. Hulda Nielsen was tendered a farewell party at Prusso's on Wednesday last following a week visit at the lake. Those attending were Mesdames Edith Bidstrup of Suisun, Olga Mayhew, Phoebe Darlin, Irene Duffee, Pearl Trickey, Alma Pierson, Marie Henry and the honoree.

Continuous service will include hand set service at any exchange of the company in the state unless there is a lapse of more than thirty days in transferring from one location to another. The fifteen cent charge for customers who have had continuous service for twelve months or prior to the date of this charge will be entirely eliminated.

ELECTRIC THERMOSTAT maintains a "set" temperature

Automatic TEMPERATURE CONTROL

Gives Extra Heating Comfort At a Big Fuel Saving

ASK ABOUT:

1. Heat-Reflector Doors
2. Heat-Radiating Fins
3. Coleman Fuel-Saving Burner
4. Large Volume Warm Air Circulation

The new Automatic Temperature Control, which may be attached to any Coleman Oil Burning Heater, saves as much as 20 per cent on fuel. Fuel is not wasted in overheating. Rooms are not chilled by underheating. The fire is automatically and electrically turned to high or low whenever the room temperature goes above or below the "set" temperature. You always enjoy the constant warmth that is most comfortable to you.

Consisting of a wall thermostat, an oil valve and a transformer, this extra equipment is as easy to install as an ordinary doorbell. No watching or adjusting is required.

Ask about this new convenient feature today!

"God created man in his own image, in the image of God created he him; male and female created he them." These words from Genesis comprise the Golden Text to be used Sunday, September 5, in all Churches of Christ, Scientist, branches of the Mother Church, The First Church of Christ, Scientist in Boston, Mass.

American Boy Introduces A New Football Game

In the early fall issues of the American Boy there'll be presented the story of a new game six-man-football fast as professional football, wide open as basketball thrilling as hockey!

The game came to life through the need of small schools for some substitute for 11-man football, which was too expensive. Stephen Epler, a Nebraska graduate student in athletics, developed the game of six-man football to meet this need. In six-man football anyone can score, the possibility of injury from mass plays is minimized, and the game is open enough for spectators to follow every exciting development.

The new game is a hit. New schools are taking it up every day. In the coming issues THE AMERICAN BOY tells the world about this practical new game. In addition, it presents The American Boy Official Handbook, which can be obtained from the magazine at 20 cents a copy, or 15 cents when bought in bulk.

NOTE: Subscription prices of THE AMERICAN BOY will be raised in the near future. Send your subscription order now to avoid financial institution?

Bombs Plow Up the Good Earth

Pictured above are two Japanese bombers dropping their missiles of death on the countryside at Nanyuan, south of Peiping, in the Japanese push toward the Nankow Pass.

SACRAMENTO POLICE UNDER MILITARY RULE

SACRAMENTO, Sept. 2. —(UP)—The theme song "You're in the Army now," warbled lustily by rookies in military camps, may soon find a responsive chord in the ranks of the Sacramento police force.

Under new rules effective this month the local police force were placed under regulations akin to military systems.

Patrolmen must come to attention subscription order at once to take advantage of the bargain rates now in effect: one year at \$1.00 or three years at \$2.00. Foreign subscriptions 50c a year extra. Send your name, address and remittance to THE AMERICAN BOY, 7430 Second Blvd., Detroit, Mich. On newsstands the price is 15c a copy.

Have You Seen— the appropriate gold leaf lettering newly placed on the window of our financial institution?

FAIR GROUNDS WILL BE FREED OF PARKED CARS THIS SEASON

SACRAMENTO, Sept. 2. —(UP)—Recalling congestion of previous years, state fair directors have decreed that parking within the fair grounds will be eliminated this year.

Exhibitors will be permitted access to the grounds with their automobiles each day until 10 A. M. to allow them time to service exhibits. Spaces at each end of the grounds will be allotted exhibitors and officials, with general parking facilities arranged in large vacant tracts adjoining the fair site.

Peak attendance at the annual show is expected over the Labor Day weekend. Last year's Labor Day crowd topped 100,000.

POLICE CAREER TO BE COLLEGE STUDY

SACRAMENTO, Sept. 2. —(UP)—The boy who has harbored lifelong ambitions to be a policeman when he grows up will get his opportunity soon.

He'll be able to lay the ground work for a police career in junior college, educating himself in methods of crime detection and prevention at the same time he studies chemistry, physics and other subjects of the school curriculum.

Clarence S. Morrill, chief of the state bureau of criminal identification, said federal-state vocational training appropriations will make the new program possible.

Candidates for the new courses, however, must pass physical and mental examinations and must have the recommendation of their local police chief, sheriff or district attorney. Approval by the state advisory committee composed of law enforcement officials also will be required.

TRAFFIC CONTINUES TO INCREASE OVER CALIFORNIA'S ROADS

SACRAMENTO, Sept. 2. —(UP)—Continued increase in the traffic rolling over California's highways was revealed in statistics compiled by the state division of highways.

Figures gathered during the annual summer traffic count conducted in July throughout the state showed a 6.7 per cent increase over the corresponding period of 1936.

Last year the comparative check-up disclosed an increase of 10 per cent over the preceding year, while the traffic during the like period of 1935 gained 15 per cent over that of 1934.

POLITICALLY SPEAKING

(Continued From Page 2)

sion. Senator Culbert L. Olson, who battled single handed to force his bill through against powerful opposition, charged the royalty payments were a "gift to the Standard Oil company."

It was conceded the passage of the O'Donnell bill superseding his measure and the impending referendum on both measures constituted a jarring blow to Olson's aspirants.

Had the Olson bill become law, there is little doubt it would have made effective campaign material for the silver haired Los Angeles legislator should he decide to run for the governorship.

The referendum on the Garrison revenue bond bill reopened the question of the public utility ownership by the people.

Although the Garrison bill passed with little opposition, it was freely forecast that a referendum was inevitable and the move was not surprising to many who watched the progress of the legislation.

The bill would permit communities to acquire public utility properties or build new ones upon a majority vote. During the legislative session, opponents of revenue bond legislation insisted the Garrison bill was loosely drawn and that it would be subjected to heavy fire, either by court test or referendum.

NEVADA OFFICERS AT PEACE MEETING

The California Peace Officers Association held a district meeting at Marysville on August 19. Several prominent men of Nevada County interested in the objective of the organization were present.

Included among those present from Nevada City to hear Earl Warren, district attorney of Alameda county, principal speaker, were Superior Judge Raglan Tuttle, District Attorney Vernon Stoll, Sheriff C. J. Tobiasen, W. D. Woods, George L. Jones, Probation Officer A. W. McGawin, Earl Hiscoc, William C. Jeffries.

HIGHWAY REPAIR CONTRACT GRANTED

The Granite Construction Company of Watsonville was granted the contract for applying 15.7 miles of seal coat to the existing highway pavement between Auburn and Colfax, Placer county by Earl Lee Kelly, state public works director.

The \$10,808 contract was awarded last Saturday.

NOTICE

HOBART SOUTHERN RAILROAD COMPANY hereby gives notice that on the 10th day of August, 1937, it filed with the Interstate Commerce Commission at Washington, D. C., its application for a certificate of public convenience and necessity permitting abandonment of its entire line of railroad extending from Hobart Mills to Truckee, a distance of approximately 6.44 miles, all in Nevada County, California.

London Visitors Here—

Mr. and Mrs. C. Deighton of London, England, visited at the home of Mr. and Mrs. Robert Luck recently. The visitors continued to San Francisco where they will make their future home.

Here From Colusa—

Mr. and Mrs. Warren Davison of Colusa spent the week end here with Dr. and Mrs. J. H. Bernard. Davison, incidentally landed the limit of trout in the Truckee river.

Visiting Here—

Frank Drago and Everett Brietzke are spending the week here at the home of Mrs. Brazil.

Back From Vacation—

Mr. and Mrs. Al Pfandler have returned home after a vacation in the San Francisco bay region and the San Joaquin Valley. They report an enjoyable trip, but since returning Mrs. Pfandler has been confined to her home because of illness.

Evening At Resort—

Lylis McCutcheon, Marie Larkin, Dick Hume and Al Brazil spent Saturday evening at Bal Bijou.

Officials Visit—

Superior Judge Raglan Tuttle and Sheriff Carl Tobiasen of Nevada City were visiting in Truckee this week.

Out Of Town Friends Visit—

Mr. and Mrs. Frank Powell were visited by several out of town guests last weekend, they were Mrs. R. G. Woodbury of Roseville, Mesdames Roy Kelly and Jesse Maxsom of Carson City, Nev., Mrs. A. Anderson of Donner Lake and Mr. and Mrs. Thomas Kelly of Sacramento. The later couple were residents of Truckee about 20 years ago.

STRIKE SETTLED

(Continued from Page 1)
boarding house for the men. Private camps are established, he said, over which the contractors have no jurisdiction.

Under favorable conditions the highway will be opened for traffic by September 15 or 20, the contractor said.

In the meantime work is progressing rapidly on the Boca dam where a strike or shut-down this month caused a three week's delay in the construction of the \$1,000,000 reclamation project. There the CIO also entered into an agreement with the contractors for a higher wage scale and better conditions.

NEW COUNTY LAW GOES INTO EFFECT

A new ordinance, calling for meetings of Nevada County board of supervisors on the 1st day of each month instead of the first Monday became effective this week, when the session was held at the county seat on Wednesday.

The rule that has prevailed for a number of years went into the discard yesterday and as the law requires that claims must be filled 3 days before the group convenes, Saturday was the last day for filing in order that they may be paid at the September meeting.

TRUCKEE WOMEN AT TAHOE PARTY

An enjoyable bridge party was given at the Tahoe Women's Club at Tahoe City last Thursday afternoon. Eighteen ladies attended from Truckee.

Prizes were awarded to the following: First contract, Mrs. A. Mahne, second, Mrs. Case.

First Auction, Miss Jennie Watkins, second Mrs. P. Lazier, Door prize, Mrs. Valentine. The hostesses, Mrs. George Bliss and Mrs. N. Mayfield served delicious refreshments.

PROSPECTS GOOD FOR DEER SEASON IN THIS REGION

All available reports indicate that the deer hunting season in this area will bring good results for the gunmen. Those familiar with the deer territory declare that there are more animals this season than last when records for numbers were broken.

A motorist near the San Francisco Fly Casting Club last night struck and fatally injured a forked horn buck which was brought to Truckee by Ed Hommon and Tom Doley to await disposition.

The severe cold and deep snow last winter apparently did not do great damage to the deer according to Slim Ellert of the Truckee Sport Shop, who announced hunting will be good throughout the area.

Mercury BOOKS

25c

For a Full-Length Novel

Here at last are the books that America has been longing for. Designed by America's foremost book designer—well printed—handsomely bound in a special English-finish cover paper. At a price which has brought long, loud applause from every section of the country—25c for a full length novel.

These great book bargains are made possible only because leading book publishers and authors are accepting a low royalty, because the books are printed on special high speed presses in quantities of 100,000, and because THE AMERICAN MERCURY—America's leading literary magazine—has launched the enterprise without charging any overhead or editorial expense to it.

To date we have published 3 books—all distributed through the better newsstands of America.

* **THIRTEEN STEPS**—a powerful, startling novel paced by breathless action and a strange love story.
* **EVERYTHING IS THUNDER**—described by O. O. McIntyre as "the most absorbing book I've read in five years."
* **THE POSTMAN ALWAYS RINGS TWICE**—described by the famous F. P. A. as "the most engrossing, unlaydownable book that I have any memory of."

If your news dealer is sold out and cannot supply you with the books, use the coupon below for these great bargains.

Send 25c in coin or stamps for each book desired.

Enclosed findc Please send () Thirteen Steps () Everything is Thunder () The Postman Always Rings Twice.
